

Renovation Station Volunteers Information Sheet

The Habitat Renovation Station is a retail operation, open to the public, which receives donations of all kinds of new and used construction and remodeling supplies and materials, and sells them at discount prices. The store stocks everything from lumber, windows, doors, paint and wall coverings, to plumbing and electrical fixtures, parts, and supplies, and even furniture.

Responsibilities:

Tasks for volunteers include cleaning, dusting, and sweeping around the store, moving, arranging, and organizing merchandise, greeting customers, answering questions, and assisting customers with their purchases. Neat and semi-professional attire is requested. Jeans and collar shirts are fine. No previous experience is necessary, however, a positive attitude, a willingness to do multiple tasks, and a nice smile are essential. All volunteer staff are required to attend the first available customer service class held at the Renovation Station.

Days/Location:

Office hours are from 9:00 a.m. to 6:00 p.m. Monday through Friday, and 9:00 a.m. to 4:00 p.m. on Saturdays. Volunteers can work any length of time during store hours. The Renovation Station is located at 1800 N. Broadway.

Contact:

For more information about the Renovation Station, please feel free to contact the manager, Jan Ketola, at 405/232-5592.
